PREPARING TO STRIKE

Mighty Army of Machinists May Be Idle After This Week.

WILL AFFECT MEN OF ALLIED TRADES

Employers Have Until Saturday to Concede the Demands For Higher Wages and Shorter Day. Various Labor Movements.

New York, May 13.—Secretary Wilson of district 15, National Association of Machinists, was interviewed concerning the order sent out Saturday by National President James O'Connell at Washington, calling a strike of all machinists throughout the country May 20 unless all employers signed the agreement for a working day of nine hours and an increase of 12½ per cent in wages.

"There is little doubt in my mind," Secretary Wilson said, "that the strike will actually take place, but the employers have until Saturday to come to our terms. That is the last working day before the date set for the order to go into effect. The figures given in Washington dispatches are wrong. They say the strike if it takes place will effect only 150,000 men. On the contrary, it will effect close to 600,000. The machinists alone who will be called out will number 150,000, but all trades depending upon the machinists for their tools will be brought to a standstill. An erroneous opinion prevails that this strike will mean the practical stopping of all work in public buildings and great contracts like the rapid transit subway. It will do nothing of the kind. In this section about 10,000 of our men will be affected, the district, of course, taking in Manhattan, Brooklyn and Jersey City. That, however, does not include half the number of machinists employed here."

Preparing For the Struggle.

Washington, May 13.—Conferences were in progress in this city between President O'Connell of the International Association of Machinists, President Gompers of the American Federation of Labor, and officials of several of the metal working trades other than the machinists, considering the moral and financial support to be given the proposed strike of machinists. President O'Connell said the outlook was very encouraging for a successful strike in many localities throughout the country. A number of the firms are not now complying with the arrangement entered into between the machinists and the Association of Employers as to a nine-hour day, signed Monday, and Mr. O'Connell predicts that a large number of these will have signed by May 20. He says the strike will affect at least 100,000 men directly, and over that number of allied mechanics indirectly.

Bricklayers Locked Out.

New York, May 13.—A general lockout of 7,000 bricklayers in this city may take place. The trouble began over a strike on the Stokes apartment house, now building at Broadway and Seventy-fourth street. A fireproofing company employed bricklayers not connected with the union and an issue was raised between the bricklayers' union and the Mason Builders' association. Several meetings were held for the purpose of adjusting the differences. Finally the Mason Builders' association ordered the lockout of all bricklayers, refusing to agree to arbitration of the difficulties.

B. R. T. Legislation.

Milwaukee, May 13.—The Brotherhood of Trainmen finished its work on amendments to the constitution. Under the new order of things the grand master will be allowed an assistant to be located at headquarters. The assistant will be one of the four vice grand masters and will assist in executive matters including the settlement of all grievances. This will leave three vice grand masters for field work. Frank P. Sargeant, grand chief of Brotherhood of Locomotive Firemen addressed the convention.

Wages Increased.

Topeka, Kan., May 13.—After a conference with a committee representing the International Union of Machinists, the Atchison, Topeka and Santa Fe railroad has agreed to raise the wages of shopmen along the entire system. Machinists had threatened to strike May 20. The machinists getting heretofore 27 cents per hour were raised to 30 cents and 28½ cent men to 31 cents, and 59 hours will constitute a week's work. The schedule is effective from May 1.

Lake Strike Settled.

Cleveland, May 13.—The long strike between the marine engineers and the United States steel corporation was settled at a final conference Monday. This practically ends the engineers' strike on lake steamers which has

been on three months. Chief Hayes of the steel corporation's fleet would not give out the terms of the settlement as he said it had been agreed on both sides not to do so.

Cigar Makers Idle.

Binghamton, N. Y., May 13.—The factory of the American Cigar company in this city is closed and over 500 employees are locked out. This action was taken as the sequel to a strike of nearly 100 girls last week.

Illinois Central Controversy.

Chicago, May 13.—The general conference committee of the members of the International Association of Machinists employed by the Illinois Central railway company is again in session in this city. The committeemen who met here some time ago and dispersed to their several homes after fruitless negotiations with the company have visited their respective headquarters, learned the sentiments of their constituents and are ready for further negotiations. Second Vice President Harahan of the Illinois Central has conceded a minimum scale of wages of 29 cents an hour and this will be accepted by the machinists, provided the company will agree to let nine hours constitute a day's work.

Louisville Carpenters.

Louisville, May 13.—The union carpenters of Louisville, who are now on a strike for \$2.50 minimum wages for nine hours' work and the exclusion of nonunion labor, will be aided by the building trades council of this city, which decided to enforce the union card rule. All members of the building trades council, in adopting this rule, agree to quit work at every job where nonunion building trades workers are employed. A conference will be asked with the contractors.

Miners Return to Work.

Hazleton, Pa., May 13.—The men at the Ebervale colliery of G. B. Markle & Co., who struck several days ago because of the discharge of one of their number, resumed work Monday. The discharged miner was not reinstated, the company having proved to the satisfaction of the miners that he had violated the rules by leaving his work before quitting time.

Miners Strike.

Beaver Dam, Ky., May 13.—Because of a recent injunction temporarily restraining all operators from dues assessed by the United Mine Workers of America, 200 miners employed by Taylor Coal company went on strike.

MAY CHANGE PLANS.

Remainder of President's Trip Depends On Mrs. McKinley's Health.

San Francisco, May 13.—There is some probability of President McKinley abandoning his proposed trip into the northwest in view of the condition of Mrs. McKinley. Unless there is a radical change for the better the presidential party will leave for Washington soon after the celebrations in this section are over. Mr. McKinley is very much worried over the condition of his wife and it is even possible that many of the functions arranged in his honor for this week may be postponed or dropped altogether. Secretary Cortelyou has given notice that Mrs. McKinley, should she continue the trip with the president, will not under any circumstances engage in any of the social functions arranged for the party at any place, but that she will remain as quiet as possible during the remainder of the tour.

The following bulletin as to Mrs. McKinley's condition was issued: "Mrs. McKinley rested well during the night and this morning was quite as comfortable as her physicians expected her to be."

The members of the cabinet left Delmonte on schedule time in accordance with the agreement reached before the departure of the president and Mrs. McKinley for San Francisco. The original itinerary between Delmonte and San Francisco was followed. It is believed that after a few days of complete rest Mrs. McKinley's health will improve. The members of the cabinet are anxious but not alarmed by Mrs. McKinley's illness.

Pajaro was the first stop after Delmonte. The train remained there 10 minutes and a crowd was in waiting. Secretary Cortelyou briefly explained the cause of the president's absence, but made no speech. Several little children carried roses into the train for the women of the cabinet. The train left the main line here from the trip to Santa Cruz.

President McKinley, owing to a slight improvement in the condition of Mrs. McKinley, went to San Jose. He spent only a few hours in the Garden City.

Cincinnati, May 13.—A rumor current here that Frank Fowler and the Cella-Tilles-Adler syndicate in St. Louis would buy the Latonia race track is denied by both parties. It was stated in confirmation of the rumor that such a purchase would settle the turf war between Latonia and Newport and incidentally involving other tracks.

RUSSIA'S STATEMENT.

Detailed Explanation of Her Policy Regarding Chinese Affairs.

BEAR LOOKED OUT FOR NUMBER ONE

Not at War With the Chinese But Being a Bordering Nation There Were Issues in Which Russia Could Not Join Other Powers.

Washington, May 13.—Russia's efforts to facilitate negotiations respecting China and to hasten the withdrawal of foreign troops from the Celestial empire are the subject of an official note, a copy of which has just been received at Washington. It contains the first complete official statement of the course of the Russian government that has been made.

This statement of Russia's policy was made simultaneously with her official declaration that while maintaining the present temporary situation in Manchuria in order to preserve peace the imperial government is content to calmly await events. It declares virtually that Russia has kept steadily in view the fact that in sending her troops into China no hostile intent was entertained toward China, on the contrary, their presence was for the purpose of rendering effective aid to the government of China in its struggle against the insurgents.

The note is a lengthy review of diplomatic developments beginning with the steps taken by the powers to seek an understanding of the alarming occurrences in China last year. The note further states that Russia, without separating herself from the common action of the other powers, by reason of her special relations with China as an adjoining country was obliged to reserve a certain freedom of action and to avoid taking part in engagements opposed to her interests or contrary to her historical conditions. The note states explicitly that "contrary to the advice of certain powers" Russia declared openly from the beginning that she was not at war with the Chinese empire.

Jersey Central Election.

New York, May 13.—The newly elected directors of the Central Railroad of New Jersey met for permanent organization and elected the following officers: President George F. Baer; vice president, Charles H. Warren; chairman executive committee, J. Rodgers Maxwell; secretary and treasurer, G. O. Waterman. After the meeting the following statement was made for the directors: The separate organization of the company was maintained in every respect; no consolidation of offices or business was made as the result of the new relations of the company to the Reading.

Italian Immigrants.

New York, May 13.—The Italian steamer Duchess di Genoviana arrived Monday direct from Naples with 1,181 steerage passengers. Two cases of smallpox developed during the voyage. The patients, two young men, were both taken sick May 9 and were promptly isolated in the ship's hospital. Here they were transferred to the reception hospital. The steamer will be held at quarantine for a thorough disinfection. There are 146 passengers who occupied quarters in the compartment with the patients, and they will be transferred to Hoffman island for observation.

Brought Home By the Buffalo.

New York, May 13.—The United States cruiser Buffalo has arrived from Manila, via Colombo and the Suez canal. The Buffalo left Cavite April 4, and arrived outside the bar at Sandy Hook at midnight, making the run in 38 days. The Buffalo brought 591 seamen and 57 marines, the most of whom had enlisted for the war or for three years. They will be discharged at the Brooklyn navy yard. The remains of Lieutenant Commander Jesse M. Rope, who was killed on the United States ship Petrel, and P. A. Surgeon Stoughton, who died at Hongkong, were brought home.

Chicago Canal Case Carried Up.

Washington, May 13.—Benjamin Schnurmacher of St. Louis obtained leave to file in the United States supreme court a supplemental bill in the case of Missouri vs. the State of Illinois, in which the former state seeks to enjoin the discharge of waters of the Chicago drainage canal into the Mississippi river. Permission also was granted to Hon. William Springer, representing the state of Illinois in this case to file a demurrer to one paragraph of the bill and answer other portions of it.

Chicago, May 13.—A meeting of presidents of Central Association and Trunk line roads will be held here next week, according to present plans. An effort will be made to restore demoralized freight rates between Chicago and the seaboard.

STRUCK A DREDGE.

Chicago's Ocean-Land Ship Aground On Canadian Shore.

Ogdensburg, N. Y., May 13.—The steamship Northwestern from Chicago to Liverpool collided with Gilbert's dredge between Galop and Rapid du Plot rapids and went ashore. The dredge had been working in the channel off Sparrow Hawks Point. The Northwestern attempted to take the north side of the channel but the current carried her against the dredge, tearing her false work. The Northwestern went ashore on the Canadian side and the dredge drifted upon a shoal. The steamship Meteor of the Northwestern line passed through safely. The steam barge L. S. Porter is aground at the head of the lock of Cardinal canal. Her three barges broke a tow line and drifted two miles down river, stranding on Glenford shoal. All are in bad positions. The Donnelly wreckers of Kingston are on their way to release them. The Northwestern was reported to be slightly damaged.

Ohio Incorporations.

Columbus, O., May 13.—American Supply company, Scio, \$50,000; Consumers Ice company, Sandusky, \$20,000; Flowing Springs Creamery company, Huntville, \$3,000; National Mineral Water Supply company, Cleveland, \$25,000; Mishler Toy company, Ravenna, \$2,000; Canton Steam Pump and Manufacturing company, Canton, \$25,000; Caxton Savings and Banking company, Cleveland, \$200,000; Youngstown Manufacturing company, Youngstown, \$300,000; Youngstown and Cleveland Railway company, Akron, consolidation of the Youngstown and Chargin Falls Railway company and the Chargin Falls and Cleveland Railway company, capital \$25,000.

Receiver For Loan Association.

Buffalo, May 13.—Tracy C. Becker was appointed receiver of the Buffalo Savings and Loan association. His bond was fixed at \$25,000. The application was made in dissolution proceedings brought by the attorney general's order on a report made by the state superintendent of banking, who alleges that it is "unsafe and unwise" for the Buffalo Savings and Loan association to continue business as it is being absorbed by the Industrial Savings and Loan association of New York.

Railway Men Change Places.

Topeka, Kan., May 13.—T. W. Kouns, general superintendent of the Atchison, Topeka and Santa Fe railroad at Topeka has been made superintendent of transportation to succeed A. W. Tinsley, who resigns to go with J. M. Barr, first vice president of the Seaboard Airline. The former office of Mr. Kouns is abolished.

Gas Men to Meet.

Louisville, May 13.—The Western Gas association, composed of prominent gas engineers and managers of gas companies in the western states, will hold a three days' session in Louisville beginning Wednesday. The session will be devoted to the discussion of practical questions relating to gas management.

Rock Island Makes a Cut.

Chicago, May 13.—The Rock Island road announced that the last reductions made by the Chicago and Great Western in meeting Wabash competition, have effected rates from Des Moines to such an extent that it is necessary for the Rock Island to apply the reduction from that point.

BUNCH OF BRIEFS.

Telegraphic Intelligence Shredded For Instantaneous Digestion. At Dumont, Ia., 18 business houses were burned; loss \$50,000.

Howard L. Burkett, prominent business man of Omaha, dropped dead, heart disease.

John Shaefer, the billiard wizard, has returned from trip to London, Paris and Berlin.

Moulton T. Needham, 32, secretary and treasurer of Washington base ball team, died of typhoid fever.

Merritt Chism, rich farmer near Bloomington, Ill., murdered his wife and step son and tried to kill himself.

Prof. Eastman of Harvard, on trial at Cambridge charged with murdering R. H. Grogan, his brother-in-law, was acquitted.

The boiler at Riley's sawmill, near Stroud, O. T., blew up, killing Oscar McAllister, engineer, and fatally scalding Solomon Riley.

John Davis escaped from jail at Muncie, Ind., by knocking the wife of Sheriff Overman senseless when she took Davis his supper.

Tuker Woodson Taylor, 46, for years private secretary of John R. D. path, the historian, found dead in his bed at Green Castle, Ind. Suicide suspected.

While drilling Charles Clabaugh and William Morrison struck an unexploded shot in Pleasant Valley mines near Carthage, Mo., causing an explosion. Both killed.

WILL BE A HUMMER.

British Brokers to Royally Entertain American Millionaires.

THE FESTIVITIES WILL LAST A WEEK

Carnegie and Morgan to Head the List of Guests—Expected That the Event Will Cement the Ties Of Commercial Friendship.

London, May 13.—The banquet to be given by the London chamber of commerce to the New York chamber June 5 will mark the friendly union of the principal men of commerce in England and America. It is an endeavor to cement the friendship which has long existed between the commercial men of the two countries.

Most of the greatest commercial houses in England will be represented, while from America will come some 25 millionaires headed by J. Pierpont Morgan, Andrew Carnegie and Morris K. Jessup, president of the New York chamber of commerce. The entertainment of the American visitors, of which the banquet at Grocers' hall will be the most prominent feature, promises to be on a scale hitherto quite unsurpassed. There will be a reception by the lord mayor in the Egyptian hall of the mansion house Friday, while Lord Brassey and others will give garden parties. The details of two other important functions have yet to be decided. Altogether this festival of commerce will last for the greater part of a week.

According to Kenrick B. Murray, secretary of the London chamber, the kindest feelings have prevailed between the two chambers of commerce for many years, and at the time of the Venezuelan difficulty, though political feelings ran high, cables were exchanged between New York and London conveying assurances of commercial friendship.

Manilla Items.

Manilla, May 13.—There has been several minor captures and surrenders in Cavite, Batangas and Tayabas provinces. A number of camps and quantities of supplies have been destroyed. A civilian named Sylvester C. Fletcher, an employee of the depot quartermaster, was sentenced to five years imprisonment in Bilid prison, Manilla, for selling government bacon and coffee. The trial of Commissary Sergeant Henry Wilson, on the charge of stealing supplies was begun.

Report From Kitchener.

London, May 13.—Lord Kitchener in a dispatch from Pretoria, dated May 12, says: "Grenfell has occupied Louistrichart, capturing 50 Boers, with rifles. Louistrichart was previously held by six British with 40 surrendered Boers. Other columns report 8 Boers killed, 20 wounded, 132 prisoners 24 surrendered and a machine gun, 6,400 rounds of ammunition, 150 wagons and 870 horses having been captured."

Schley Called Home.

London, May 13.—Rear Admiral Schley received a cable message announcing the serious illness of a member of his family and he has therefore curtailed his stay here and engaged passage on board the North German Lloyd steamer Kaiser Wilhelm der Grosse, which sails from Southampton for New York May 15. The admiral went to Southampton Monday.

What the Boers Overlooked.

London, May 13.—At a banquet of the Cornish association, held in London, General Pole-Carew said: "At the beginning of the war, had the Boers fully realized their strength and our unpreparedness, we would have been driven into Durban and Cape Town and we would have presented the spectacle of reconquering South Africa from the seacoast."

Will Poke Guns at the Turk.

Paris, May 13.—It is stated on trustworthy authority that unless the sultan of Turkey yields on the question of interference with the foreign post-offices the powers probably will present an ultimatum in a few days, backed by a naval demonstration. The powers, including Germany, are acting in perfect unison in this matter.

Lipton's Freighters.

Weymouth, May 13.—The weather conditions all favorable for a fair trial with the wind fresh and steady, the course clear of all obstructions and no tides of any consequence, the Shamrock I beat the Shamrock II, Sir Thomas Lipton's new boat, by five minutes and five seconds over a triangular course of about 20 miles.

Price of Texas Oil Cut.

Corsicana, Tex., May 13.—The pipe line company here has cut the price to pay for crude petroleum from 76 to 74 cents per barrel. This is a reduction of 2 cents per barrel since the opening of the Beaumont field Jan. 10.

The panic in Wall street is described by a writer as having been only a "squal." The poor "lambs" who were shorn by the Wall street sharks undoubtedly concluded it was rather squally.

The Chicago Record Herald is authority for the statement that "President McKinley, as loyal a protectionist as there is in the Republican party, is himself of the opinion that modifications in the tariff must be made to meet changed conditions." He may be of that opinion, but the tariff fed barons will dictate any change in the law. They will be supreme as long as Republicans are in power.

BRYAN ON "HARMONY."

"When Harmony Is Possible" was the theme of a comprehensive editorial in a recent issue of William J. Bryan's Commoner. After discussing the struggle for supremacy within the party, in which the course of Mr. Cleveland while President is pointedly criticised, Editor Bryan turns to the recent activity of the so-called "reorganizers" and says:

"Now the men who were responsible for two National defeats are talking about harmony and offering to guarantee success, provided the party will follow the instructions which they give. And what are the conditions?"

"First, that the party shall abandon the doctrines set forth in the platform of 1896, reaffirmed by nearly every Democratic State convention in 1900 and reiterated by the National convention of that year."

"Second, that it will drive away the Populists and Silver Republicans who came to the support of the Democratic ticket when the Gold Democrats went over to the enemy. These conditions are impossible ones. The men who make these demands would not feel at home in any Democratic party worthy of the name, and they would not only drive Democrats out of the party, but would repel allies and keep young men with Democratic inclination from coming into the party. Whether circumstances reduce or increase the importance of the silver question the same principles are involved in other phases of the money question, in the question of monopoly, and, in fact, in all the other questions now before the country."

"The harmonizing of personal differences is an easy matter."

"Mr. Cleveland and Mr. Hill were thought to be personal enemies, but the money question brought them together, and at the Chicago convention the latter offered the resolution indorsing the administration of the former. Mr. Hanna and Mr. Foraker are supposed to be personally unfriendly, but they act together when the roll is called. The harmonizing of radical differences of opinion between conscientious men is, however, more difficult. Reconciliation between the two elements of the Democratic party must be brought about, if at all, in one of two ways."

"1. By such a change of opinion in either element as will produce 'concord or agreement.'"

"The minority denies that it has changed, and there is no evidence of change in the majority."

"2. The two elements might be brought together by some question of sufficient importance to overshadow the questions about which they differ. But in such case the platform must represent the views of the majority on minor questions."

"The struggle between plutocracy and Democracy must be fought out, and the Democratic party must take one side or the other. There is no middle ground. If those who have opposed the party in recent years are willing to take the Democratic side in this fight they will have no difficulty in 'getting together,' and there will be no lack of harmony. If, however, the men who have been voting the Republican ticket expect to come back and convert the Democratic party into a plutocratic party, to be run along Republican lines and according to Republican methods, they will have to announce their platform and make the issue at the primaries. The six million and more voters who supported the ticket will not be led into the Republican party without a struggle. There is no sense in inviting an opponent into your house to see which can put the other out, and those who have remained faithful have a right to know whether the reorganizers come as friends or as enemies. The objection to the reorganizers is not based so much upon what they have done as upon what they are doing and propose to do, if they obtain control of the party."

Fought for His Life.

"My father and sister both died of consumption," writes J. T. Weatherwax, of Wyandotte, Mich., "and I was saved from the same frightful fate only by Dr. King's New Discovery. An attack of pneumonia left an obstinate cough and very severe lung trouble, which an excellent doctor could not help, but a few months' use of this wonderful medicine made me as well as ever and I gained much in weight." Infallible for coughs, colds and all throat and lung trouble. Guaranteed bottles 50c. and \$1 at J. Jas. Wood & Son's drug store.

THAT "DIRTY WORK."

Turn-Down of Ex-Governor Bradley and What a Lancaster Paper Says About Hannaites Responsible For It.

The Central Record published by Louis Landrum at Lancaster, where ex-Governor William O. Bradley resides, speaks out in meeting and says:

"The dirtiest piece of political work in recent years was the turning down of ex-Governor W. O. Bradley for the District Judgeship. Every one knows that Mr. Bradley has done more hard work for the Republican party than any man in its ranks, and the failure to reward him shows a littleness that is disgusting in the extreme. The fact of the matter is that a lot of small horses, who have been brought to the front by Mr. Bradley, now think they are as great a man as he, and if they can get him out of the way they will eat all the fat. Those responsible for his turn down have hanged themselves with their own rope, and it will not take a thousand years for them to discover their mistake."

PLENTY OF IT.

Lots More Proof Like This and It Is All From Maysville People.

"The proof of the pudding is the eating of it." If any city or town in the Union has sufficient proof on the following subject it is Maysville. Genuine merit is finding its reward in the hearty endorsement of local citizens. When people right here at home, friends and neighbors of our readers, give a statement like the following for publication, it is proof convincing for the most skeptical.

Read this testimony:

COVERINGS!

Don't worry over the purchase of a carpet. There are a few points to be considered which make carpet buying easy. Decide to get a good carpet. Resolve not to let a few dollars stand between you and the carpet you really like. If the price offered is lower than such carpets usually sell for and you like the price but not the carpet, rest assured the owner don't like it either, else you wouldn't get the offer.

THE BEE HIVE

Worth Reading Twice!

A Great Sale of Muslin Underwear!

Corset Covers, Nightgowns, Shirts, Drawers

No store is such a specialty store as the store that succeeds. Some people say the reason we do such a large business is because we are on the RIGHT side of the street. There is no such thing as a store being on the wrong side. You'll go around the corner or across the street to the place that does things best.

Maysville Underwear Store is only another name for The Bee Hive. There is a daintiness and liberality of size that women appreciate. The garments we sell are such as you would make for yourself if you had time and took kindly to needlework. Last week selling has passed all records and yet the lots were so great that the sale is only well begun. Straggling shipments have come in and TO-DAY the stock is at its BEST.

ACCEPTS THE CALL.

Howard T. Cree to Take Charge of the Central Christian Church, St. Louis, Early Next Fall.

Howard T. Cree, minister of the Christian Church, has concluded to accept the call so unanimously and so heartily extended him recently by the Central Church at St. Louis, and announced his decision to the Official Board at a meeting last night. The news that he is to leave Maysville will be received with sincere regret by the host of warm friends and admirers he and his good wife have made in and out of the church during their stay in Maysville, but all will unite in wishing him the greatest success in his new field.

The church at St. Louis is certainly to be congratulated, as Mr. Cree is recognized as one of the most eloquent young preachers in Kentucky, and is withal very zealous in looking after the different lines of church work.

While Mr. Cree has decided to accept the call, yet he will continue in charge of the church here for some months yet, the present plan being to enter upon his work in St. Louis the first of next October. This will give the local church ample time and opportunity to arrange for his successor, so there will be no interruption to the work here.

Make your arrangements with building associations and house builders and be prepared to bid for a Hunter lot on Third street.

Captain Jacob Miller and Messrs. C. W. Zweigart, A. L. Schatzmann, C. P. Traxel, J. C. Rains, J. L. Daulton and George H. Frank are the representatives from Pisgah Encampment, I. O. O. F., to the Grand Encampment of Kentucky, which meets at Louisville this week. They leave to-day.

The Southern Baptists selected Asheville, N. C., as the next meeting place, and a resolution was adopted declaring that the members of the Baptist Church believe the demands for indemnity from China are unscriptural, and that the church should be willing to suffer for the cause of Christ.

A court recently decided that "ordinary care requires that a person in the full enjoyment of the faculties of hearing and seeing, before attempting to pass over a railroad track, should use them for the purpose of discovering and avoiding danger from an approaching train; and an omission to do so, without reasonable excuse therefor, is negligence which will defeat an action by such person to recover damages for an injury to which such negligence contributed."

The Keith-Schroeder harness factory resumed operations this morning after a shut down Monday for some slight repairs to the machinery.

Don't miss the ladies' minstrel's Friday night—it's going to be the hit of the season. Admission 25 cts. No extra charge for reserving seats. Gallery 10 cts.

Miss Lisle D. Collins won the prize, and Master James Brown, aged nine, both of this city, got honorable mention in Sunday's Commercial Tribune painting contest.

The C. W. B. M. of the Christian Church will entertain the Women's Missionary Societies of the other churches of the city at a reception to be held next Saturday afternoon at the home of Mr. and Mrs. Howard T. Cree.

Corporal J. T. Duncan, whose home is at Moorefield, Nicholas County, was here yesterday the guest of Mr. Harry Robinson, fresh from the battle fields of Manila and glad to get back. He was a member of the Thirty-second Kansas volunteers.

RIVER NEWS.

The Bay Line Said to Be After the Hill City—City of Paducah Sinks.

A report was circulated Monday morning at Cincinnati to the effect that the Bay line are after the steamer Hill City, now running in a trade out of St. Louis. The steamer in question is a side-wheeler and larger than any boat hereabouts. It is known that the Bay people have given up the hope of securing the steamer City of Wheeling. She will run excursions out of Wheeling this summer and her owners say she is not for sale at any price.

The Indiana led the rival packets Monday, passing down at 4 p. m.

It is expected that close to \$700,000 will be spent by the combine for coal craft this year.

Virginia for Pittsburg, Indiana for Pomeroy and Urania for Ironton to-night. Down: Courier.

The timber towing steamers are all busy between Parkersburg, Pt. Pleasant, Big Sandy and Cincinnati.

There is nearly 300,000 bushels of coal in the bottom of the river at Henderson, left there by coal tows hitting the bridge piers recently.

Work on the Lizzie Bay, rebuilding at the Madison Ways, is progressing rapidly. When finished she will be champion low water boat of the line.

The big towboat to be owned by the Monongahela River Consolidated Coal and Coke Company, now in course of erection at Dubuque, Iowa, may be named after Captain Peter Sprague, who is at Dubuque superintending its construction.

The City of Paducah, running in the St. Louis-Tennessee river trade, sank Sunday night at Brunkhorst's Landing, near Grand Tower, Ill. Latest dispatches from the scene state that twenty-four persons perished, and two others are missing. The boat and cargo are a total loss.

NEIGHBORHOOD NEWS.

Items of Interest Contributed by Our Country Correspondents.

ORANGEBURG, April 13th.—Miss Louise Alexander, of Maysville, was visiting Dr. and Mrs. Hord Sunday.

Mrs. Heuba Sedden was visiting her son Geo. Sedden and family last Saturday, returning home Sunday.

Dr. Hord attended the Alumni banquet at Cincinnati Tuesday night.

Owing to the superfluity of moisture where Charles Calvert was to locate his mill he is not as yet prepared to saw, but will begin as soon as possible.

Mr. Mackey was out Saturday afternoon putting a few palins on the fences and patronizing the Christian Church bazaar very liberally, for which the ladies return many thanks.

Mrs. Alice King, of Maysville, was visiting friends in this place Sunday.

The late rains have been very thankfully received. The gardens, only a few of which have been planted, are wearing of the green.

Oats, rye and wheat are looking well, tobacco plants are coming on rapidly. Many farmers are finishing corn planting; others not yet done.

A man in this neighborhood dreamed that he went to Heaven and engaged in a hotly contested game of base ball, and that the players, himself included, wore wings. What a salary he could draw thus accoutred as an earthly base baller! No fly could escape him, as he would fly himself, and in case the audience should take a notion to castigate him for some real or fancied misdemeanor, he could soar gracefully over their heads and give them the merry ha!

In last week's daily and weekly editions it was stated in the Orangeburg news in referring to Master D. Grant that he was a son of Alice and Charles Grant. It should have been George Grant. Whether it was a slip of the writer's or an error of the compositor's is not known. It was an annoying mistake and is hereby cheerfully corrected.

Prof. L. C. Grimes is enjoying his well-earned vacation at home in the pleasant village in the valley. This is a very sensible plan. If anyone wants to find out how not to enjoy a vacation let them take a tedious ride on the dirty train.

or overcrowded boat and stop at some resort where pleasure seekers are packed like sardines. This is the last resort.

Misses Lucy Mason and Bertie Campbell gave a fishing party to their Sunday school scholars last Saturday. They started in a drizzle, but old Sol poked his face out from behind a cloud and smiled at them later. Their destination was the mouth of Cabin creek, where they arrived safely. They dined at Rev. Thomas Degman's, where they were very hospitably received, enjoying the fine view from the upper balcony. They returned home at a late hour, well pleased with their outing.

The bazaar given by the Sewing Society of the Christian Church Saturday afternoon and evening, May 11th, was very successful. The married ladies had charge of the fancy articles and the following young ladies had charge of the refreshment tables: Misses M. E. Dickson, Bertie Campbell, Emma and Lena Tolle. Mr. Sam Farrow acted as auctioneer very acceptably and is hereby tendered a vote of thanks. The receipts were \$30, and would have been more, but the ice cream ran short.

The frame of the flour mill was finished last week and now stands ready for roof and side walls, which will be of iron put on over sheeting. The frame is exceptionally strong and well calculated to bear any weight that may be put on it during its future service. It will be the second largest building in town, Mrs. Mattie Roe's being the largest dwelling. It will take some time yet to get into working order, as the stiers have been delayed owing to unfavorable weather. An engine shed and also a cooper shop will have to be built to furnish barrels for the flour. In the near future, however, the hum of the mill will be heard and every one will rejoice at the useful and valuable addition to our village.

"More matters for a May morning." Mrs. Harrod, the sensational lady preacher, has been here eighteen days up to this evening. She began her sanctification series Thursday, April 25th, and has held an almost continuous service, afternoons and evenings, sometimes lasting until 2 o'clock a. m. It is a matter of considerable comment that she has several men, women and boys under "conviction." This is denoted by lachrymose langour in the church and by their behavior on the street. Holding heads down, shuffling feet, sighing and groaning, forsooth! There are no whining Christians! One of those under "conviction" acknowledged a debt of

two cents to a local grocer in his testimony. Another is in a state of partial collapse, owing to overwrought feeling. Another weeps copiously and shakes his head as he walks along the street. Another asks as she walks sanctimoniously up and down the aisles of the church, "Are ye goin' to git dipped, hey?" It was a misstatement that both of her children are dead, one of them, a boy, is now in his father's custody. One of Mrs. Harrod's sanctified assistants told a young lady who had not chosen to approach the "mourner's bench" at her beck and call, that her father who had recently died was in Hell, and positively asserted that she was going to Hell too! This prophesier of future events is respectfully referred to the ninth commandment. Mrs. Harrod, in her frenzy, ordered fire down from Heaven last Saturday evening to scorch the unbelieving sinners present. It was not forthcoming! Further advice from Mt. Carmel are to this effect. That she laid on the floor of the church during one of her meetings, thumping it with her heels and making such a noise that one of the sisters present, a good friend of hers, thinking to lesson the strain upon her lower extremities, folded up a piece of carpet and placed it under her feet. When she found out it was there she very unceremoniously kicked it to one side. The consensus of public opinion here regarding these meetings is that the sermons are good enough, "whose words took all ears captive," if shorn of the acrobatic, terpsichorean and trance accessories. And the writer begs leave to state that, in referring to these proceedings, he is not and has no intention of making a mockery of true religion, but is asserting his privilege of giving the news concerning any occurrences odd or strange. And surely these are both odd and strange.

GERMANTOWN, May 13.—We are sorry not to be able sometimes to omit a sick list, but we can't. William Jolly remains very ill. Mrs. Mulligan grows weaker. Mrs. Butcher is no better. Uncle Geo. Case has been quite feeble for several days past, but is some better now. Mrs. Walton is recovering slowly from her accident.

The protracted meeting at the M. E. Church closed Sunday night. The pastor is much pleased with the spiritual revival of the church.

Will Gordon and wife are visiting his parents at Mt. Carmel.

Mrs. Henry Yates, of Augusta, is at the bedside of her mother, Mrs. Mulligan.

Some new boxes are being put in on the Maysville telephone line, one for the benefit of our clever banker and one at the home of Evan Lloyd.

A little child of Hubert Pepper and wife is lying at the point of death with scarlet fever.

E. E. Hendrix was in Cincinnati last week.

Mrs. Clarence Nugent has gone to join her husband at his place of business at Junction City, after a protracted stay with her parents in this place.

Ever we write again the election will be over, and it is hoped all will be peace and quiet and the men elected who will best fill the offices. As a woman has no vote it is useless for me to say more.

Mrs. Geo. Colvin is having her residence repaired preparatory to a coat of paint.

FOR MOTHERS.

The period immediately following child-birth is fraught with many dangers. The strength has been used in the painful ordeal through which the mother has passed and she finds herself helpless and weakened. Many mothers, like Mrs. Ford, date the beginning of their illness from the birth of their child. Indeed the frequent spectacle of a healthy young woman becoming a chronic invalid after motherhood is one of the tragedies of life. All this is unnecessary, when Wine of Cardui is obtainable. It rehabilitates the shattered nervous system, strengthens the organs and ligaments, and re-establishes a healthy, natural condition, saving years of chronic sickness and suffering. Wine of Cardui taken just before confinement will render the ordeal comparatively painless. It will re-enforce and strengthen the organs for their work. For every trying crisis in a woman's life, Wine of Cardui is the medicine to take. Ask your druggist for Wine of Cardui and take no substitute. If one is offered send \$1.00 for a bottle of the Chattanooga Medicine Company, Chattanooga, Tenn.

WINE OF CARDUI

Clarkson, Ark., July 20, 1899.
After my baby was born I took the whites and falling of the womb, and was in a very dangerous condition. I read one of your home treatment books, and commenced to treat myself with Wine of Cardui and Black-Draught. I am thankful for what the medicine did for me, and I am now in better health than I have been for a long time.
Mrs. MARGARET FORD.
